

CARE AND COMFORT: YOU CAN COUNT ON US!

CARE AND COMFORT, is a disability service provider company, founded by two very passionate and enthusiastic nurses, who have been in the health and service Industry for more than 30 years combined.

The Enthusiasm to care and look after our community in need with compassion and Respect has grown stronger and stronger over the years. To serve better, we as health care providers wanted to extend our horizon and spread our wings, and bring our specialised skills to the community.

Who are we?

Two highly competent and compassionate Nurses with a wealth of clinical Experience. Ganga is currently working as a hospital case manager and this role has commissioned her to liaise and coordinate with community stakeholders. It has allowed her to work collaboratively with social workers, physicians, allied health team, clients and their families and community case managers. She has experience in acute clinical areas such as ICU, Emergency Departments and Cardiac Units for more than 20 years. She also has post graduate Certification in Critical care Nursing. Dena on the other hand brings her extensive Cardiology nursing experience well over 10 years, and holds a Graduate diploma in Advanced Nursing. They both have current Basic Life support and Advanced Life Support Certificates.

The health care Industry is something they have dived into over decades. You can trust us and stay assured that you or your loved ones are in very safe and capable hands. It is our promise to provide exceptional and Quality care that you truly deserve .
